Itinerary:

Day 01: Arrival -Tarangire

Arrival at Arusha / Kilimanjaro Airport - we will depart to Tarangire National Park. The park is named after the Tarangire River which runs through it. This 'river of warthogs' is the only source of water for wildlife in the region during the dry season. In some places, the vegetation is quite dense, including elephant grass, acacia woodlands and lush groundwater forest. The park is well known for its elephant families, which can often be seen congregating by the river. You may also see giraffe, bushbuck and hartebeest. These animals are closely followed by a range of predators, including lions and leopards. There are more breeding species of birds found in Tarangire National Park than anywhere else on the planet!

After lunch and an extensive game drive. Evening Drive to Karatu Town overnight stay.

Meals: Lunch, Dinner

Day 02: Serengeti

On this day we will head towards the Serengeti. After a few hours of drive, we will arrive at the Serengeti gate. After lunch, we will do a game drive all afternoon in this beautiful park. The Serengeti is known for its endless plains of savannah and forest landscapes. The park is famous for the migration involving about 1.5 million herbivores and followers.

Serengeti is the oldest and most popular national park, also a world heritage site and recently proclaimed a 7th Worldwide Wonder. The Serengeti is famed for its annual migration, when some six million hooves pound the open plains, as more than 200,000 zebra and 300,000 Thomson gazelles join the wildebeest's trek for fresh grazing. Yet even when the migration is quiet, the Serengeti offers arguably the most scintillating game-viewing in Africa: great herds of buffalo, smaller groups of elephant and giraffe, and thousands upon thousands of eland, topi, kongoni, impala, and Grant's gazelle. After Serengeti Game Drive Overnight stay at Serengeti.

Meals: Breakfast, Lunch, Dinner

Day 03: Central Serengeti

On this day after an early breakfast, you will do an early game drive seeing the sunrise, then head to explore various parts of the park depending on where the animals have migrated to,

expect to see a lot of wildebeest and zebras in a strategic partnership for their survival, a lot of big cats are present in the park lucky enough you can witness a hunt action.

Meals: Breakfast, Lunch, Dinner

Day 04: Serengeti - Ngorongoro

On the Third day, we'll spend one more day in Serengeti and late in the afternoon, we'll head to the Ngorongoro Conservation Area.

The Ngorongoro Crater has a diameter of about 20 kilometres and a 600 meter-high crater wall. The Ngorongoro Crater is the largest intact crater in the world. The crater life estimated 30,000 larger mammals. In the centre of the crater is a salt lake. This is one of the most densely populated wildlife areas in the world. It is a unique area where animals and humans, as the authentic Maasai and Hadza live together. Over Night stay at Ngorongoro.

Meals: Breakfast, Lunch, Dinner

Day 05: Ngorongoro Crater Tour

Early in the morning after breakfast, we will depart to Ngorongoro Crater. When you first see Ngorongoro Crater, it looks like a forgotten world. Concealed by the steep volcanic walls is a pristine wilderness including sweeping savannah, pockets of acacia woodland and glistening lakes and swamps. The Crater was created when a large volcano exploded and collapsed in on itself two to three million years ago. It is famous for both its geological delights and for being a natural reserve that is home to some of the densest large mammal populations in the whole of the African continent. The drive down into the Crater is an adventure in itself and when you reach the crater floor, you'll quickly find large numbers of wildebeest, zebra, gazelle, and more than 500 bird species. The Crater provides you with the best chance of seeing the endangered black rhino, which can sometimes be spotted in the open grasslands.

After lunch and an extensive game drive, we will head straight back to Arusha.

Points to Note (If any)

Please do note that the below points are shared with you for your reference only. Please use them at your own discretion.

Your Health: It is your (Traveller's) responsibility is to ensure that you are in good health and medically fit to undertake safari tour. If the tour passes through the malaria area, precautionary treatment is advised. Consultation with medical practitioner/doctor and obtaining prophylactic and precautionary anti-malaria treatment is necessary.

Local Currency: TZS or US can easily be changed upon arrival in Tanzania.

Helpful items for your packing list:

- Comfortable shoes (including hiking shoes)
- Sun glasses
- Sun-screen lotion
- Binoculars
- Camera
- Personal medicaments with proper prescription
- Sun hat
- Torch or Headlamp

Photography: Due to nature of the safari tour, rugged terrain and extremely dusty conditions, we would like to urge to carefully pack all sensitive photographic, electronic and filming equipment, preferably in the dust-proof bags.

Safety and Security:

Tanzania is a very safe, politically stable country. In our opinion, visitors have little cause for concern regarding personal safety. This is especially so when traveling on an organized trip and staying at lodges and camps.

Staying safe on Wildlife Viewing Activities:

Your safari guide will ensure your safety at all times - listen carefully to instructions and follow the park's rules at all times. When on a self-drive safari, don't drive too close to wildlife and only leave your car in designated areas where it is safe to do so.

Staying safe in Cities and Towns:

Tanzanian cities are relatively safe; most crime issues are minor, such as petty theft and pickpocketing. You will mostly be sheltered from these risks when looked after by your guide on an organized tour. When venturing out in the city unguided, you can easily reduce being at risk

by following simple safety precautions: get advice at your hotel before taking a walk in the city; don't carry any valuables and only take limited money with you; don't walk after dark, rather take a taxi.
