Itinerary:

Day 01: Arrival - Tarangire

Arrival at ARUSHA or KILIMANJARO Airport - We will depart to Tarangire National Park. The park is named after the Tarangire River which runs through it. This 'river of warthogs' is the only source of water for wildlife in the region during the dry season. In some places, the vegetation is quite dense, including elephant grass, acacia woodlands and lush groundwater forest. The park is well known for its elephant families, which can often be seen congregating by the river. You may also see giraffe, bushbuck and hartebeest. These animals are closely followed by a range of predators, including lions and leopards. There are more breeding species of birds found in Tarangire National Park than anywhere else on the planet!

After lunch and an extensive game drive. Evening Drive to Karatu Town overnight stay.

Meals: Lunch and Dinner.

Day 02: Ngorongoro Crater Tour

Early in the morning after breakfast, we will depart to Ngorongoro Crater. When you first see Ngorongoro Crater, it looks like a forgotten world. Concealed by the steep volcanic walls is a pristine wilderness including sweeping savannah, pockets of acacia woodland and glistening lakes and swamps. The Crater was created when a large volcano exploded and collapsed in on itself two to three million years ago. It is famous for both its geological delights and for being a natural reserve that is home to some of the densest large mammal populations in the whole of the African continent. The drive down into the Crater is an adventure in itself and when you reach the crater floor, you'll quickly find large numbers of wildebeest, zebra, gazelle, and more than 500 bird species. The Crater provides you with the best chance of seeing the endangered black rhino, which can sometimes be spotted in the open grasslands. After lunch and an extensive game drive, we will head straight back to Karatu Town.

Meals: Breakfast, Lunch and Dinner

Day 03: Lake Manyara - Arusha

After breakfast, you will go to Lake Manyara National Park, famous for the large number of flamingos in the lake and its tree-climbing lions (though they are rarely seen).

We will do a game drive viewing plenty of birds. If you are lucky enough, you can spot these famous tree-climbing lions. You'll also visit the hippo pool for a close look at hippos and the hot springs. You'll do all this while on a game drive where you'll view plenty of animals (buffaloes, wildebeest, warthogs, vultures, eagles, monkeys, etc.). Evening drive to Arusha Overnight stay at Arusha.

Photography: Due to nature of the safari tour, rugged terrain and extremely dusty conditions, we would like to urge to carefully pack all sensitive photographic, electronic and filming equipment, preferably in the dust-proof bags.

Safety and Security:

Tanzania is a very safe, politically stable country. In our opinion, visitors have little cause for concern regarding personal safety. This is especially so when traveling on an organized trip and staying at lodges and camps.

Staying safe on Wildlife Viewing Activities:

Your safari guide will ensure your safety at all times - listen carefully to instructions and follow the park's rules at all times. When on a self-drive safari, don't drive too close to wildlife and only leave your car in designated areas where it is safe to do so.

Staying safe in Cities and Towns:

Tanzanian cities are relatively safe; most crime issues are minor, such as petty theft and pickpocketing. You will mostly be sheltered from these risks when looked after by your guide on an organized tour. When venturing out in the city unguided, you can easily reduce being at risk by following simple safety precautions: get advice at your hotel before taking a walk in the city; don't carry any valuables and only take limited money with you; don't walk after dark, rather take a taxi.
